

MODY SCHOOL, LAKSHMANGARH
SUMMER HOLIDAY HOMEWORK
CLASS IV

S.NO	SUBJECT	ASSIGNMENTS
1	ENGLISH	<p>1. Animal Fact File</p> <ul style="list-style-type: none">- Choose your favorite animal and create a fact file. Include information such as its habitat, diet, lifespan, and any interesting behaviors.- Draw a picture of the animal and label its key features. <p>2. Plant Diary</p> <ul style="list-style-type: none">- Plant a seed (e.g., bean, sunflower) and keep a diary of its growth. Record what you do each day to care for it and observe the changes in the plant.- Draw or take pictures of your plant as it grows and write a short description of its progress. <p>3. Create a Story</p> <ul style="list-style-type: none">- Write a fictional story about a day in the life of a plant or animal. Describe its adventures, the challenges it faces, and how it interacts with other living things in its environment.- Make sure your story has a beginning, middle, and end.
2	HINDI	<p>1 सभी ऋतुओं के नाम लिखिए और इनके मास भी बताइए। सभी ऋतुओं के चित्र भी लगाइए।</p> <p>2 बताइए कि आप अपने आस पास के प्रदूषण को रोकने में कैसे मदद कर सकते हैं?</p> <p>3 तुकबंदी करते हुए बारिश पर एक कविता लिखने का प्रयास कीजिए।</p>
3	MATH	<p>1. Shapes in Our World Draw and cut out 5 different shapes you can find around your house (e.g., square, circle, triangle). Stick these shapes onto a paper and write the name of each shape underneath. Write one sentence describing where you found each shape in your house.</p> <p>2. Graphs in Daily Activities Think about your daily routine and activities (like playing, eating, sleeping, etc.).</p>

		<p>Draw a simple bar graph showing how much time you spend on each activity in a day.</p> <p>► Label the vertical axis with the activities and the horizontal axis with the time spent (e.g., 0 to 24 hours).</p> <p>Color each bar a different color and label them clearly.</p> <p>3. Understanding Data from Graphs</p> <p>► Look at the weather forecast for the next week (you can find this online or from a newspaper).</p> <p>Write down the temperature for each day (in degrees Celsius or Fahrenheit). Create a line graph to show how the temperature changes throughout the week.</p> <p>Label the vertical axis with the temperature and the horizontal axis with the days of the week.</p> <p>► Connect each point with a line and label each point clearly.</p> <p>4. Reflecting on Graphs</p> <p>Look at the line graph you created for the weather forecast.</p> <p>Write a sentence about which day will likely be the warmest and which day will likely be the coldest.</p> <p>► Explain why you think so, based on the graph</p> <p>Instructions for Parents/Guardians: Please help your child with cutting out the shapes and creating the graphs. Encourage your child to write neatly and label everything clearly. Ensure the completed assignment is brought back to school on</p>
