**“WHERE THERE IS TRUTH,  
THERE IS VICTORY.”**

# INTRODUCTION TO MSMUN

## 2024-25

In an era characterised by the proliferation of misinformation, the manipulation of social media, and a growing distrust in traditional institutions, the theme "यतो धर्मः ततो जयः - Where There is Truth, There is Victory" emerges as a beacon of hope and guidance within the complex landscape of global affairs. Our present reality is marred by uncertainty and confusion, where discerning truth from falsehood has become increasingly challenging. The insidious spread of "fake news" threatens to undermine the foundations of democracy and international cooperation. However, amidst these challenges, the theme "यतो धर्मः ततो जयः" offers a rallying cry for enlightenment and progress.
